Re: Peggy Ward

Please be advised the Philadelphia Flyers have had the pleasure of working with Peggy Ward to help train some of our young draft picks as well as players currently in our organization.

Peggy has developed a unique rapport as well as earning the respect of these players due to her knowledge of the skating stride and her training methods. We believe our players have shown a marked improvement from working along side Peggy over the past few years. They could understand her instruction and direction quickly as she has a friendly yet firm approach. Her follow up with our players as well as the Flyers coaching staff has been invaluable.

On a more personal side, I have gotten to know Peggy over the past couple of seasons. She approaches her work enthusiastically, is very pleasant and dependable. I would highly recommend her both on a personal and professional basis.

If you have any questions, please feel free to contact my office at 856-429-7199 (Extension 319). Thank you.

Sincerely,
